Click the [Introduction to Sigmund Freud's Theory on Dreams](#) Link

- ❑ READ Freud's Theory about dreams and SUMMARIZE the general idea (be sure to include the Manifest and Latent Content of dreams) –**top part of page R55**. This will give you some insight into Freud's ideas and why he viewed human nature and personality as he did.
- ❑ Close this Window and go back to the Theories page (<http://www.freudfile.org/theory.html>)

Click link for [Freud's Psychosexual Stages of Development \(by David B. Stevenson\)](#)

- ❑ READ through this section. Create a simple chart showing the five stages of psychosexual development according to Freud (Oral, Anal, Phallic, Latency, Genital) in the **bottom part of R55**. Be sure to include in the chart the stages, age ranges for each stage, and describe the following concepts/conflicts associated with each stage:
  - Fixation
  - Anal Retention v. Anal Expulsion
  - Oedipus Complex v. Penis Envy
